WE USED

PAPER
MARKERS
STONE
STRING
SCISSORS

OURS WAS INSPIRED BY

A BACKYARD ANGEL TRUMPET

TO MAKE

Now, study your own house, backyard, or neighborhood plants. What shapes, colors, and feelings do they evoke? Make your own and share with us at #bampfaartlab

1. Cut out & fold shape
2. Press glued edges together
3. Thread string through so the knotted end catches on the inside of the flower
4. Hang your flower(s) so you can all shelter together
