HOW TO DRAW AUTOMATICALLY

Step One: Grab a handful of whatever pens or markers or color pencils or crayons you want to play with.

Step Three: Approach and enter your drawing space, leaving all expectations at the door.

to RELAX the Senses

Step Two: Prepare yourself a relaxing beverage of your choice.

tea  cafe au lait  juice

Step Four: With one of your drawing tools make some moves. Now make some more. Now switch to a different tool. Make some more moves. Repeat with all your tools.

If you make a mistake, make some more.
If you start to get the hang of it, switch hands. Laugh at what you just did. Repeat.
